

SEEING IS BELIEVING.

PRESENTING HONEYWELL AIRTOUCH I5 & I8 WITH PM_{2.5} DISPLAY METER.

GHAR MEIN HONEYWELL, TOH LIFE VERY WELL!

FILTRATION TECHNOLOGY**

Pre Filter
Improves the life of the HEPA and HiSiv filter by removing large sized pollutants.

HEPA + HiSiv
Greater than 99% PM_{2.5} and formaldehyde removal efficiency. Removes up to 0.03µm particles.

HiSiv

THE TECHNOLOGY THAT MAKES THE DIFFERENCE

Honeywell's HiSiv technology is what differentiates its products from the rest. Its unique honeycomb design and molecular sieve with activating agents adsorbs harmful gases, without taking away much needed moisture from the air. Furthermore, it delivers a formaldehyde purification efficiency >99% in a 30 cubic meter chamber.

- CADR#**
300 cu m/hr. ideal for room size up to 36 sq.m
- Year**
*Filter life up to 3000hrs
- 3D Air Flow Design**
Ensures optimized circulation
- 2.5**
Numeric Display
Real time PM_{2.5} level indicator

Premium And Durable
Premium finish & ultra-durable polycarbonate body

Smart Filters
Unique design that notifies when filter change is required

Intuitive Touch Controls
Enhanced flexibility in operations with smart and user-friendly touch controls

Auto Mode
Calibrates the air quality inside the room and adjusts the fan speed accordingly, thus conserving energy

Sleep Mode
In-built mode to reduce sound to a minimum, for undisturbed sleep

Visual Indicator For Air Quality
Continuous monitoring and broadcasting of indoor air quality on a beautiful 3 color LED and on the numeric display

100% Ozone Free
Does not emit any harmful gases as a by-product of the filtration technology

Low Operating Sound
Aerodynamic fan design that ensures lowest sound level

Anti-Fall Design
Designed to protect the machine in an accidental fall

Warranty
12 months

#CADR (Clean Air Delivery Rate). CADR for I5 is 250 cu m/hr. Ideal for room size up to 30 sq.m. Coverage area calculation is based on a standard room height of 2.74m
*Considering 8 hours of usage every day and ambient air quality
**Filtration Technology for I5 is pre filter, HEPA & Activated Carbon Composite filter

ABOUT HONEYWELL

Honeywell is a Fortune 100 technology company that delivers industry specific products that include aerospace and automotive products and services; control technologies for buildings and industry; and performance materials globally. Our technologies help everything from aircraft, buildings, manufacturing plants, supply chains, and workers become more connected to make our world smarter, safer, and more sustainable.
